Dear Sir/Madam,

I am writing to express my strong motivation to pursue further studies in Computer Science in Poland and to kindly request your consideration for granting me a student visa. I am eager to enhance my knowledge and skills in an academic setting, and I am convinced that studying in Poland will provide me with the ideal environment to achieve my academic goals.

I graduated from the Azerbaijan State University of Oil and Industry (ASOIU) in June 2024 with a solid foundation in Computer Science. During my studies, I developed a deep interest in programming and backend development. I am particularly excited about the opportunity to learn from esteemed lecturers such as dr inż. Krzysztof Paszek, who teaches Computer Arithmetic and Automata Theory and Machine Theory, and mgr inż. Andrij Szafar and dr inż. Anna Bryniarska, who specialize in Databases and Data Warehouses. Their expertise will significantly enrich my understanding of advanced concepts in Data Science.

Although I have some experience in backend development, my primary focus is on acquiring a comprehensive education in Computer Science (Data Science). I am committed to utilizing the knowledge I gain in Poland to contribute effectively to the tech industry in Azerbaijan, particularly in financial analytics and artificial intelligence.

I have chosen Poland for its strong reputation in Computer Science education and its commitment to technological innovation. The exceptional programs offered by WSB University align perfectly with my career aspirations, and I am excited about the prospect of learning from leading experts in the field. I firmly believe that the academic environment in Poland will provide me with the necessary tools to excel in my career and make a meaningful impact in my home country.

In conclusion, I am fully committed to advancing my education in Computer Science, and I respectfully request your consideration of my visa application. I would be immensely grateful for the opportunity to study in your esteemed country, where I can grow both personally and professionally.

Thank you for taking the time to review my application. I look forward to your favorable response.

Sincerely,
Intigam Guluzade
